Monetary unit

Social expenditures are expressed in millions of Forints (HUF).

General notes

The individual country notes of the OECD Benefits and Wages (www.oecd.org/social/benefits-and-wages.htm) provide a comprehensive description of characteristics of social programmes (e.g. conditions for receipt, calculation of payment rates, tax treatment of social support, benefit duration, etc.) for the working-age population, including: unemployment insurance and assistance, social assistance, employment-conditional benefits, housing benefits, family benefits, childcare support, and support for sole parent households.

Secretariat estimates:

Childcare pre-primary expenditure (adjustment for 6 years old) is estimated for 2018 based on the average annual growth of 2016-2017.
